Brand Name	Topkit
Place of Origin	China
Min.Order Quantity	1
Payment Terms	OEM?ODM?OBM
Supply Ability	100
Delivery Detail	3-7days

Detail Introduction :

The V-Shaped Bulk Cement Tanker Semi Trailer is engineered for the efficient transportation of dry bulk materials such as cement, fly ash, lime powder, and fine ore powder. Its V-shaped tank design ensures complete discharge with minimal residue, enhancing unloading efficiency. Constructed from high-strength steel, this trailer offers durability and reliability for heavy-duty applications.

Product Specifications

Specification	Details
Tank Volume	40m ³
Tank Material	High-Strength Steel
Tank Shape	V-Shaped
Discharge System	Pneumatic with Air Compressor
Axle Configuration	3 Axles
Tire Specifications	12R22.5
Dimensions (LxWxH)	9,600 × 2,550 × 4,000 mm
Tare Weight	Approximately 7,500 kg

Applications & Key Features

Applications	Key Features
- Transporting dry bulk materials like cement, fly ash, lime powder, and fine ore powder.	- V-shaped tank design ensures complete discharge with less than 1% residue.
- Ideal for use in construction sites, cement plants, and large infrastructure projects.	- Pneumatic discharge system with air compressor for efficient unloading.
	- High-strength steel construction for enhanced durability.

Applications	Key Features
	<ul style="list-style-type: none">- Moisture-proof, fully enclosed design maintains material integrity.
